2021 IBC UPDATE

Review the Changes from the 2018 edition to the 2021 edition of the International Building Code. The background behind many of the changes will be discussed to provide the participants with an understanding of the intent of the changes and how to apply it to their everyday work. Subjects covered in the class will include the code change process, mass timber, parking garages, smokeproof enclosures, accessibility and many more.

Instructor Profile:

Steve Thomas

Mr. Thomas has over forty years' experience in working with building codes including plan reviews, inspections, and administration. Providing building code consulting services for governmental agencies and architectural firms, as well as educational seminars on building codes. He has served as the contract Building Official for local jurisdictions in Colorado. Mr. Thomas has served on several ICBO and ICC committees including serving as a member and then Chairman of the ICC Means of Egress Code Development Committee. He is also the author of the book, Building Code Basics, based on the 2009 & 2012 IBC and Building Code Essentials based on the 2015 IBC, both available from ICC. He was awarded the Educator of the Year Award by the ICC in 2018. He has presented building code classes for the last 30 years and provides an interesting and engaging look at building codes.
