IBC INFIELD INSPECTION TRAINING FOR APARTMENT BLDG.

This course is an infield training opportunity to cover all trades from the ground up. It will have a focus on apartments and the different aspects they bring with construction. It is a great time to ask questions for new inspectors and for those with experience to also share experiences with multifamily situations. All trades will be covered including plumbing, mechanical, electrical and the building codes relevant to the industry and what to focus on and watch for.

Sign in: 7:30 am - 8:00am

Breaks are provided

**Lunch is on your own

Material: 2021 IBC

Instructor Profile

Jason Van Ausdal

Has been in the building code trades as a combination inspector for over 25 years. 22 years of that as a Building official for various communities. After retiring from City Government, He works as a , plans examiner, inspector, and educator for State of Utah. He has been teaching plumbing, mechanical and building codes for over 17 years for inspectors and contractors for various organizations and has taught in several States throughout his career.
